Explore natural beauty with Taiwanese-Australian artist Ruth Ju-shih Li. Shape, sculpt and carve raw clay while learning to make flowers and forms that respond to the natural environment.

Students will learn different hand- forming, press moulding and assembling techniques as well as a foundation in clay modelling skills. Students will have the opportunity to use and experiment with the artist's unique press molds and elaborate on the techniques taught while being guided to create their very own personalised ephemeral sculpture.

Students must bring their recess and lunch. All other materials will be provided. Teachers are not required to attend. Detailed information will be sent when enrolments are finalised. **FIRST IN BEST DRESSED.**

Teachers can nominate 4 students per school. If a student cannot attend once confirmations have been made, it is the responsibility of the school to send another student in their place.
