

ROUND 30 June – 17 September

Round is an artist-led exhibition by mid-career artists whose practices include painting, sculpture, construction, installation, and video, incorporating diverse media, materials and colour. The artists' work examines 'roundness'—exploring interpretations of circularity, curvature, bending—through exploration of shape, space and colour. Round highlights the problems, questions and answers of individual art practice, whilst collectively reflecting broader themes and subjects of popular culture, current affairs and global politics.

Excursion: guided tour of the exhibition. The tour will include hand on activities including a drawing task.

Duration: 1 hour (maximum)

Students: Primary and Secondary Visual Art Students (tour and activities will be suited to age / learning level. Exhibition activity worksheets can be found [here](#).)

Cost: Free

Numbers: maximum number of students per tour is 20. If the group is larger than 20, we can rotate this excursion with another activity such as a tour of other exhibitions (tours are free).
